

TEEN TECH WEEK

Presented by the NM Makerstate Initiative:
New Mexico State Library, Parachute Factory and your local library

Try your hand at 3D printing and scanning, build a banana piano, create an interactive greeting card, play with Little Bits, or learn electronic origami.

From low-tech to high-tech, our pop up makerspace workshops provide a hands-on experience while teaching the basics of electricity and simple circuitry.

HOBBS PUBLIC LIBRARY - 5 PM

WOOLWORTH COMMUNITY LIBRARY - 3 PM

EUNICE PUBLIC LIBRARY - 3 PM

LOVINGTON PUBLIC LIBRARY - 4 PM

TATUM COMMUNITY LIBRARY - 12 PM
